ACTION REQUIRED BY VUNANI SHAREHOLDERS

If you are in any doubt as to what action to take in regard to this Circular, please consult your CSDP, Broker, banker, accountant, attorney or other professional adviser immediately.

This Circular contains information relating to the VCP Unbundling. You should read this Circular carefully and decide how you wish to vote on the Resolutions to be proposed at the General Meeting.

The General Meeting, convened in terms of the notice incorporated in this Circular, will, as a result of the Covid-19 pandemic, **be held via electronic participation only** as permitted by the Listings Requirements, the provisions of the Companies Act and Vunani's MOI, at 10h30 on Monday, 11 January 2021.

ACTIONS REQUIRED BY CERTIFICATED SHAREHOLDERS AND OWN-NAME DEMATERIALISED SHAREHOLDERS

If you are a Certificated Shareholder or an own-name Dematerialised Shareholder and are unable to participate at the General Meeting via electronic means but wish to be represented thereat, you are requested to complete and return the form of proxy attached hereto in respect of the General Meeting, in accordance with the instructions therein, and lodge it with, or post it to, so as to reach the Transfer Secretaries by no later than 10h30 on Thursday, 07 January 2021. If you are a Certificated Shareholder or a Dematerialised Shareholder holding as an own-name shareholder and are unable to participate electronically at the General Meeting but wish to be represented thereat, and you do not complete and return the form of proxy in respect of the General Meeting on the basis of the previous provisions of this paragraph prior to the Relevant Time, you will nevertheless, at any time prior to the commencement of voting on the Resolutions at the General Meeting, be entitled to lodge the form of proxy in respect of the General Meeting in accordance with the instructions therein, with the chairperson of the General Meeting.

ACTIONS REQUIRED BY DEMATERIALISED SHAREHOLDERS OTHER THAN THOSE WITH OWN-NAME REGISTRATION

The CSDP or Broker of Dematerialised Shareholders, other than those with own-name registration, should contact such Dematerialised Shareholders to ascertain how they wish their votes to be cast at the General Meeting and thereafter cast their votes in accordance with those instructions. If such Dematerialised Shareholders have not been contacted, it is recommended that they contact their CSDP or Broker to advise them as to how they wish their vote to be cast.

If you are a Dematerialised Shareholder other than with own-name registration and wish to participate electronically at the General Meeting, you should timeously inform your CSDP or Broker of your intention to participate and vote at the General Meeting or to be represented by proxy thereat in order for your CSDP or Broker to issue you with the necessary letter of representation to do so, or you should provide your CSDP or Broker timeously with your voting instructions should you not wish to electronically participate at the General Meeting, in order for your nominee to vote in accordance with your instructions at the General Meeting.

Vunani does not accept any responsibility and will not be held liable for any failure on the part of the Broker or CSDP of a Dematerialised Shareholder to notify such Dematerialised Shareholder of the details of this Circular.

ELECTRONIC PARTICIPATION

In terms of Vunani's MOI, the directors have elected to provide for electronic participation in respect of the General Meeting. In this regard, Shareholders who wish to participate electronically at the General Meeting must please complete the attached Electronic Meeting Participation Form and send this to The Meeting Specialist (Proprietary) Ltd ("TMS"), by no later than 10:30 on Thursday, 07 January 2021. The e-mail address is as follows: proxy@tmsmeetings.co.za.

ELECTRONIC MEETING PARTICIPATION AND SECTION 63(1) OF THE COMPANIES ACT – IDENTIFICATION OF MEETING PARTICIPANTS

Meeting participants (including proxies) are required to provide reasonably satisfactory identification before being entitled to attend or participate in Shareholders' meetings. Should any Shareholder, representative, or proxy for a Shareholder wish to participate in the General Meeting electronically, that person should apply in writing including details on how the Shareholder or representative or proxy for a Shareholder can be contacted to TMS, via email at proxy@tmsmeetings.co.za, to be received by TMS at least seven (7) business days prior to the General Meeting for TMS to arrange for the Shareholder (or representative or proxy) to provide reasonably satisfactory identification to the transfer secretaries for the purposes of section 63(1) of the Companies Act and for TMS to provide the Shareholder (or representative or proxy) with details on how to access the General Meeting by means of electronic participation.

Before any person may attend or participate in a Shareholders' meeting, they must present reasonably satisfactory identification and the person presiding at the meeting must be reasonably satisfied that the right of that person to participate and vote, either as a Shareholder or as proxy for a Shareholder, has been reasonably verified.

Therefore, Shareholders who acquire Shares after the Last Day to Trade will not be eligible to vote at the General Meeting.
4. All times indicated above and elsewhere in this Circular are in South African Standard Time.
5. **In terms of the VCP Unbundling, the VCP Shares will be issued in Certificated form only.** Given the timeline of 12 months to the VCP Listing, original share certificates in respect of the VCP Shares will not be delivered to Shareholders and will be retained by the Transfer Secretaries on behalf of Shareholders, in anticipation of dematerialisation of the VCP Shares upon the VCP Listing.
6. Shareholders may request a receipt evidencing the issuance and providing details of their VCP share certificate from the Transfer Secretaries. Requests for such VCP share certificate receipts must be sent to Vunani@singular.co.za.

SALIENT FEATURES

THE VCP UNBUNDLING AND MOI AMENDMENTS

Background information

VCP Unbundling

In order to improve transparency in the financial reporting of the Financial Services Assets and the Private Equity Assets of Vunani, a decision was made by the Board to separate these classes of assets through the sale of the Private Equity Assets to VCP and the VCP Shares, held by Vunani, shall be unbundled by way of a distribution *in specie* to Shareholders *pro rata* to their respective shareholdings in Vunani. In addition to improve financial reporting transparency, the Board also believes that the VCP Unbundling, will over time, eliminate the discount between the TNAV of Vunani and the price at which Vunani Shares trade on the JSE.

As per the Management Services Agreement, VCP shall appoint Vunani on an exclusive basis to, post the VCP Unbundling, provide the Management Services for a period of five years for the Management Services Fee.

Within 12 months following the VCP Unbundling, the VCP Listing shall be effected whereby VCP shall be listed on the New Exchange.

The rationale for selecting the New Exchange for purposes of the VCP Listing is the following:

- Simpler and less onerous listings requirements;
- Access to a large base of retail investors whom the Transfer Secretary will assist VCP in gaining access to; and
- Lower compliance costs in respect of the maintenance of a listing.

The VCP Listing is required to be implemented as one of the conditions required to be fulfilled to ensure the concessions as set out in section 46 of the Income Tax Act can be utilised.

MOI Amendments

In order to implement the VCP Unbundling, the MOI Amendments are required to allow for the creation of the VL Preference Shares, which preference shares shall be issued to VCP to provide VCP with access to all economic and voting rights attaching to the AL Shares as further set out in paragraph 6.1 below.

Rationale

The Rationale for the VCP Unbundling is the following:

- **Unlocking of value** – The VCP Unbundling will enable two distinct businesses to operate in a more focused manner potentially unlocking value for Shareholders.
- **Transparency of financial reporting** – The VCP Unbundling will result in Vunani being a focused financial services company and will simplify the process to value Vunani.
- **Two separate listed investments** – As two separate listed entities upon the execution of the VCP Listing, Shareholders would be able to determine the investment merits of each entity independently of the other.

Irrevocable undertaking

Bambelela, which has a 49,25% shareholding in Vunani, has provided an irrevocable undertaking to vote in favour of the VCP Unbundling and the MOI Amendments.

JSE classification

The VCP Unbundling is classified as a specific payment to shareholders in terms of paragraph 5.85(c) of the Listings Requirements and is accordingly subject to Shareholders' approval via an ordinary resolution. The MOI Amendments is an amendment to the MOI of Vunani and accordingly requires Shareholder approval by way of a special resolution as per Schedule 10 of the Listings Requirements. No Shareholder approval is required for the VCP Listing which is expected to take place within 12 months of the VCP Unbundling.

DIRECTORS' RESPONSIBILITY FOR FINANCIAL INFORMATION

The directors are responsible for the financial information set out in this Circular.

FINANCIAL EFFECTS

The *pro forma* financial effects of the VCP Unbundling are set out in paragraph 14 and Appendix 1 of this Circular.

GENERAL MEETING

A General Meeting of the Shareholders will be held via electronic means only on Monday, 11 January 2021 at 10:30 for the purpose of considering and, if deemed fit, approving the Resolutions to effect the VCP Unbundling.

CIRCULAR TO SHAREHOLDERS

1. PURPOSE OF AND REASON FOR THE CIRCULAR

Shareholders are referred to the announcement released on SENS on 6 August 2020 in terms of which Shareholders were advised that the Board had resolved to separate the Financial Services Assets and the Private Equity Assets via the VCP Unbundling to, *inter alia*, improve the financial reporting of these assets. Shareholders were further advised that within 12 months following the VCP Unbundling, the VCP Listing shall be effected.

In respect of the VCP Unbundling, Vunani, Vunani Capital and VCP entered into the Implementation Agreement on 12 November 2020, which agreement sets out the terms and conditions in respect of, *inter alia* the VCP Unbundling.

The VCP Unbundling constitutes a specific payment to shareholders in terms of 5.85(c) of the Listings Requirements and accordingly may only be implemented once authorisation has been given in terms of an ordinary resolution by Shareholders at a meeting called for such purpose.

The MOI Amendments are required in order to create the VL Preference Shares which shall be issued to VCP as set out in paragraph 6 below. As per Schedule 10 of the Listings Requirements, the MOI Amendments may only be implemented once authorisation has been given in terms of a special resolution by Shareholders at a meeting called for such purpose

The purpose of this Circular is to:

- provide Shareholders with the relevant information relating to the VCP Unbundling and MOI Amendments to enable Shareholders to make an informed decision in respect of the Resolutions set out in the Notice of General Meeting; and
- convene the General Meeting to consider and, if deemed fit, to approve the Resolutions.

2. OVERVIEW OF THE IMPLEMENTATION STEPS REQUIRED TO EXECUTE THE VCP UNBUNDLING

2.1 Introduction

The VCP Unbundling is governed by the Implementation Agreement and shall be implemented in five steps as set out below:

Step	Description	Rationale
Step 1	The Ferrox Share Sale	The Ferrox Share Sale , being the disposal of the Ferrox Shares by Vunani Capital to VCP, is required to be implemented first and separately from the remaining steps of the VCP Unbundling to timeously ensure VCP meets certain of the listings criteria as required by the New Exchange and is eligible to list on the New Exchange, most notably the criteria that VCP prior to listing has a TNAV of at least R3 million.
Step 2	The Internal Reorganisation	<p>The Internal Reorganisation being the transfer of The Transaction Company Shares, Transaction Company Loans Receivable, Transaction Company Loans Repayable and the Transaction Company Agreements by Vunani Capital to VCP is required in order to separate the Financial Services Assets from the Private Equity Assets. Following the Internal Reorganisation and the Ferrox Share Sale, all the Private Equity Assets will be held by VCP, completely separate from the Financial Services Assets which will continue to be held by Vunani Capital.</p> <p>Upon completion of this step, VCP remains a wholly-owned subsidiary of Vunani Capital.</p> <p>Additionally, African Legend is a private equity asset held by Vunani. Together with the Internal Reorganisation, the VL Preference Shares shall be created, via the MOI Amendments, and VCP will subscribe for such VL Preference Shares which shall confer the right upon VCP to receive, <i>inter alia</i>, the Preference Dividend being 100% of the AL Proceeds from time to time.</p>

Step	Description	Rationale
Step 3	Distribution by Vunani Capital	Immediately following the Internal Reorganisation, Vunani Capital being the sole shareholder of VCP, shall implement the Distribution by Vunani Capital and unbundle the VCP Shares by way of a distribution <i>in specie</i> to Vunani, following which Vunani shall be the sole shareholder of the VCP Shares and therefore capable of distributing the VCP Shares to Shareholders.
Step 4	The Preference Share Subscription and VCP Share Subscription	<p>VCP shall subscribe for the VL Preference Shares for a subscription price of R18 282 641 ("VL Preference Shares Purchase Price") thereby conferring the right upon VCP to receive, <i>inter alia</i>, the Preference Dividend being 100% of the AL Proceeds from time to time and to have Vunani appoint a director of VCP to participate in, speak and vote at a meeting of African Legend shareholders as Vunani's proxy. VCP shall issue additional ordinary shares to Vunani for a subscription price of R18 282 641 ("VCP Shares Purchase Price"). The VL Preference Shares Purchase Price and VCP Shares Purchase Price will be settled by way of set-off.</p> <p>In addition to the Preference Share Subscription, Vunani shall grant the VL Option to VCP in terms of which VCP shall be granted an irrevocable right and option to acquire additional VL Preference Shares if Vunani has an opportunity to subscribe for or acquire additional AL Shares and VCP wishes to acquire additional shares in African Legend via the additional AL Shares.</p> <p>The rationale for the issuance of the VL Preference Shares, is that, due to uncertainties in respect of the pre-emptive rights attaching to the AL Shares, the AL Shares themselves could not be directly transferred to VCP hence the economic benefits associated with such shares will be transferred to VCP via the VL Preference Shares.</p> <p>The rationale for the issuance of the VL Option is to provide VCP with an irrevocable right to elect to, in the event Vunani can acquire additional AL Shares, receive the economic benefit from these additional AL Shares via the issuance of additional VL Preference Shares.</p>
Step 5	The VCP Unbundling	Vunani shall, following implementation of the Preference Share Subscription, implement the VCP Unbundling and unbundle the VCP Shares by way of a distribution <i>in specie</i> to the Shareholders.

2.2 Fractional Entitlements

There will be no fractional entitlements and the number of shares in VCP will equal the number of shares in Vunani so that, for each share held in Vunani, one share shall be held in VCP.

3. STEP 1 – THE FERROX SHARE SALE

3.1 Sale

- 3.1.1 Vunani Capital shall, with effect from the Ferrox Effective Date, sell the Ferrox Shares to VCP for the Ferrox Purchase Price, subject to the Ferrox Suspensive Conditions as set out in paragraph 3.2 below.
- 3.1.2 The Ferrox Purchase Price shall be discharged by VCP allotting and issuing the Ferrox VCP Shares to Vunani Capital, credited as fully paid.
- 3.1.3 The Ferrox Purchase Price shall be discharged by VCP on the Ferrox Effective Date, against delivery of the Ferrox Shares by Vunani Capital to VCP.
- 3.1.4 Section 42 (asset-for-share transactions) of the Income Tax Act shall apply to the Ferrox Share Sale, details of which are set out in the Implementation Agreement.

3.2 The Ferrox suspensive conditions

The Ferrox Share Sale is subject to the fulfilment or waiver of the following suspensive conditions:

- 3.2.1 the board of directors of VCP duly adopting resolutions approving the allotment and issue of the relevant number of VCP Shares to Vunani Capital on and with effect from the Ferrox Effective Date;
- 3.2.2 the shareholder of VCP having duly adopted special resolutions, in terms of section 41(3) of the Companies Act, approving the allotment and issue of the relevant number of VCP Shares to Vunani Capital;
- 3.2.3 the board of directors of Ferrox having duly adopted the necessary resolutions approving the transfer of the Ferrox Shares; and
- 3.2.4 to the extent required, any approvals required by the Financial Surveillance Department of the South African Reserve Bank (or an authorised dealer) being obtained.

4. STEP 2 – THE INTERNAL REORGANISATION

4.1 Introduction

Step 2 is comprised of the Internal Reorganisation and shall be implemented in a number of sub steps as set out below:

- Step 2.1: transfer of Transaction Company Shares, the Transaction Company Loans Receivable, and the Transaction Company Loans Repayable;
- Step 2.2: cession and assignment of the Transaction Company Agreements;
- Step 2.3: creation of the VL Preference Shares via the MOI Amendments.

4.2 Step 2.1: Transfer of the Transaction Company Shares, the Transaction Company Loans Receivable, and the Transaction Company Loans Repayable

4.2.1 Vunani Capital shall, with effect from the Step 2 Effective Date, sell as one indivisible transaction the Transaction Company Shares and the Transaction Company Loans Receivable to VCP for the sum of the Transaction Company Shares Purchase Price and the Transaction Company Loans Receivable Purchase Price.

4.2.2 VCP shall, from the Step 2 Effective Date, assume and fully and timeously discharge all the Transaction Company Loans Repayable and shall indemnify Vunani Capital against all costs, claims, demands and liabilities in respect of any of the Transaction Company Loans Repayable or any failure by VCP to discharge them.

4.2.3 VCP shall discharge the Transaction Company Shares Purchase Price and the Transaction Company Loans Receivable Purchase Price:

4.2.3.1 by the assumption by VCP of the Transaction Company Loans Repayable in respect of an amount equal to the aggregate of their face value, including accrued but unpaid interest thereon, if applicable, as at the Step 2 Effective Date; and

4.2.3.2 by VCP allotting and issuing the Step 2 VCP Shares to Vunani Capital.

4.2.4 The Transaction Company Shares Purchase Price and the Transaction Company Loans Receivable Purchase Price shall be discharged by VCP on the Step 2 Effective Date, against delivery of the Transaction Company Shares and the Transaction Company Loans Receivable by Vunani Capital to VCP.

4.2.5 Section 42 (asset-for-share transactions) of the Income Tax Act shall apply to the sale of the Transaction Company Shares and the Transaction Company Loans Receivable, details of which are set out in the Implementation Agreement.

4.3 Step 2.2: Cession and assignment of the Transaction Company Agreements

4.3.1 From the Step 2 Effective Date, Vunani Capital shall cede and delegate all of its rights and obligations in the Transaction Company Agreements to VCP on the basis of an out-and-out cession and delegation.

4.3.2 VCP shall accept the cession and delegation to it of Vunani Capital's rights and obligations in terms of the Transaction Company Agreements and shall be a party to each of the Transaction Company Agreements in substitution for Vunani Capital with effect from the Step 2 Effective Date.

4.3.3 All of Vunani Capital's rights, title and interest in, and obligations arising from and pursuant to, the Verbicept Shareholders' Agreement and the Verbicept Relationship Agreement will be transferred to VC Partners on the Step 2 Effective Date.

4.3.4 Should such cession not be possible by the Step 2 Effective Date as the consent of the counterparty or counterparties to such Transaction Company Agreement has not been obtained:

4.3.4.1 VCP shall be entitled to the benefit and shall bear the risk of such Transaction Company Agreement from and including the Step 2 Effective Date and Vunani Capital shall give all reasonable assistance to VCP to enable it to enforce its rights under such Transaction Company Agreement;

4.3.4.2 Vunani Capital irrevocably and *in rem suam* appoints VCP to be its lawful attorney and agent, and to do in its name all things reasonably required in order to perform Vunani Capital's obligations, and exercise its rights, under such Transaction Company Agreement (if any); and

4.3.4.3 to the extent that the obligations to be performed personally by Vunani Capital as principal, Vunani Capital shall perform the obligations in this capacity under the reasonable direction of VCP.

4.3.5 Vunani Capital acknowledges that it shall be obliged to account to VCP for any income and other benefits which it receives under such Transaction Company Agreements on or after the Step 2 Effective Date.

4.4 Step 2.3: Creation of the VL Preference Shares via the MOI Amendments

4.4.1 The MOI Amendments are required to be implemented to amend the MOI of Vunani to create the VL Preference Shares as authorised shares of Vunani, with such amendment required to be filed with and accepted by the CIPC.

4.4.2 The VL Preference Shares shall be cumulative, redeemable preference shares in Vunani. The salient features of the rights attaching to such shares, which shall constitute the MOI Amendments, are set in Appendix 11.

5. STEP 3 – THE DISTRIBUTION BY VUNANI CAPITAL

- 5.1 Subject to implementation of the Internal Reorganisation, on and with effect from the Step 3 Effective Date, Vunani Capital shall transfer the VCP Shares held by Vunani Capital to Vunani by way of a distribution *in specie*, subject to compliance with section 46 of the Companies Act and section 46 of the Income Tax Act.
- 5.2 Upon implementation of the Distribution by Vunani Capital, Vunani shall own 100% of the issued share capital of VCP.

6. STEP 4 – THE PREFERENCE SHARE SUBSCRIPTION AND VCP SHARE SUBSCRIPTION

6.1 Preference Share Subscription

- 6.1.1 Subject to implementation of the Distribution by Vunani Capital, on and with effect from the Step 4 Effective Date:
 - 6.1.1.1 VCP shall subscribe for the VL Issue Shares for an amount of R18 282 641 (“**Preference Share Subscription Price**”); and
 - 6.1.1.2 Vunani shall subscribe for the Step 4 VCP Shares for an amount of R18 282 641 (the “**VCP Share Subscription Price**”).

6.2 Settlement

On the Step 4 Effective Date:

- 6.2.1 VCP shall discharge the Preference Share Subscription Price by way of set-off against the VCP Share Subscription Price; and
- 6.2.2 Vunani shall discharge the VCP Share Subscription Price by way of set-off against the Preference Share Subscription Price.

6.3 Allotment and issue

On the Step 4 Effective Date:

- 6.3.1 against payment of the Preference Share Subscription Price, Vunani shall allot and issue the VL Issue Shares to VCP; and
- 6.3.2 against payment of the VCP Share Subscription Price VCP shall allot and issue the relevant number of VCP Shares to Vunani.

6.4 Undertakings by Vunani in relation to the AL Shares

- 6.4.1 For as long as VCP holds any of the VL Preference Shares, Vunani shall not be entitled to dispose of the AL Shares without the prior written consent of VCP.

6.5 Option to subscribe for additional Preference Shares

- 6.5.1 If, after the Step 4 Effective Date, Vunani has the opportunity to subscribe for or acquire additional shares in African Legend (“Additional AL Shares”), Vunani shall notify VCP thereof in writing (the “Notice”) and shall be obliged to do so each time such an opportunity arises. The Notice shall include disclosure of the number of Additional AL Shares, and the consideration payable for such Additional AL Shares (the “AL Consideration”).
- 6.5.2 Vunani shall grant VCP an irrevocable right and option to subscribe for additional VL Preference Shares following receipt of the Notice (the “VL Option”), on, *inter alia*, the following terms and conditions:
 - 6.5.2.1 the VL Option shall be exercisable by VCP within 30 days of receipt of the Notice by written notice to Vunani;
 - 6.5.2.2 the consideration payable by VCP per share for the additional VL Preference Shares shall be an amount equal to the AL Consideration per share (in aggregate being the “Preference Share Consideration”);
 - 6.5.2.3 the number of additional VL Preference Shares to be issued to VCP shall be such number of VL Preference Shares the aggregate consideration of which is the Preference Share Consideration; and
 - 6.5.2.4 the Preference Share Consideration shall be payable by VCP by electronic funds transfer.
- 6.5.3 If the VL Option cannot reasonably be implemented within a time period which would allow Vunani to timeously subscribe for or acquire the Additional AL Shares as set out in the Notice, the VL Option shall not be implemented and instead VCP shall be entitled to loan and advance an amount equal to the AL Consideration to Vunani in order to allow Vunani to subscribe for or acquire the Additional AL Shares (the “Loan”).
- 6.5.4 If the Loan is advanced, VCP shall be entitled to subscribe for additional VL Preference Shares, on the following terms and conditions:
 - 6.5.4.1 the aggregate consideration payable by VCP for the additional VL Preference Shares shall be an amount equal to the face value of the Loan;
 - 6.5.4.2 the number of additional VL Preference Shares to be issued to VCP shall be such number of VL Preference Shares for which VCP would have been entitled to subscribe had it exercised the VL Option; and
 - 6.5.4.3 the aggregate consideration payable by VCP for the additional VL Preference Shares shall be payable by set-off against the outstanding amount of the Loan.

7. STEP 5 – THE VCP UNBUNDLING

- 7.1.1 Subject to implementation of the Preference Share Subscription, on and with effect from the Step 5 Effective Date, Vunani shall transfer the VCP Shares held by it to the Shareholders by way of a distribution *in specie*, subject to compliance with section 46 of the Companies Act and section 46 of the Income Tax Act.
- 7.1.2 Following the VCP Unbundling, the Shareholders shall own 100% of the issued share capital of VCP.

8. SUSPENSIVE CONDITIONS

- 8.1 The Implementation Agreement, and therefore the implementation of the VCP Unbundling, is subject to the fulfilment or waiver of the following Suspensive Conditions by no later than 28 February 2021 or such other date as agreed to by the Parties:
 - 8.1.1 the board of directors of VCP duly adopting resolutions (i) approving the allotment and issue of VCP Shares to Vunani Capital on and with effect from the Step 2 Effective Date and (ii) approving the terms and conditions of the transactions contemplated in the Implementation Agreement;
 - 8.1.2 the shareholder of VCP having duly adopted special resolutions:

 - 8.1.6 the Vunani Shareholders having duly adopted special resolutions:
 - 8.1.6.1 to create the VL Issue Shares as authorised shares of Vunani;
 - 8.1.6.2 in terms of section 41(1) of the Companies Act, approving the issue by Vunani of the VL Issue Shares to VCP as contemplated in the Implementation Agreement;
 - 8.1.6.3 in terms of section 41(1) of the Companies Act, approving the grant by Vunani of the VL Option to VCP as contemplated in the Implementation Agreement;
 - 8.1.7 the MOI of Vunani being amended to create the VL Issue Shares as authorised shares of Vunani, and such amendment being filed with and accepted by the CIPC;
 - 8.1.8 where required, the board of directors of each of the Transaction Companies having duly adopted the necessary resolutions approving the transfer of the relevant Transaction Company Shares;
 - 8.1.9 to the extent required, SoftPawa (i) consenting in writing to the transfer of, and waiving in writing any rights of first refusal it may have to acquire, the Transaction Company Shares held by Vunani Capital in Betbio Zambia, and (ii) waiving in writing any rights it may have to terminate the Transaction Company Agreements in relation to Betbio Zambia;
 - 8.1.10 to the extent required, SoftPawa consenting in writing to the Internal Reorganisation (and waiving in writing any rights it may have to terminate the SoftPawa Services Agreement);
 - 8.1.11 the relevant counterparties to the Transaction Company Agreements consenting in writing to the cession and delegation by Vunani Capital of its rights and obligations under the relevant Transaction Company Agreements to VCP;
 - 8.1.12 the relevant lenders consenting in writing to the cession and delegation by Vunani Capital of the Transaction Company Loans Repayable; and
 - 8.1.13 to the extent required, any approvals required by the Financial Surveillance Department of the South African Reserve Bank (or an authorised dealer) being obtained in relation to the VCP Unbundling.

9. THE MANAGEMENT SERVICES AGREEMENT

Post the VCP Unbundling, Vunani Capital shall provide the Management Services as per the Management Services Agreement to VCP. The salient details of the Management Services Agreement are set out in Appendix 5.

10. DESCRIPTION OF THE PRIVATE EQUITY ASSETS TO BE UNBUNDLED AS PART OF THE VCP UNBUNDLING

10.1 Investment philosophy

Vunani Capital has established its portfolio through on balance sheet investments and co-investments as a black economic empowerment partner and active investor. Its investment model includes direct operational involvement in partnership with key management personnel who are incentivised through profit participation and direct equity. Investment themes have been identified and supported through the provision of own capital and partners' capital as well as strategic and operational support.

Partnerships are a key theme in our investment approach and this is with both capital providers and skilled operators with whom we have long standing and close associations and where we aim to align our interests to build value for all parties, most importantly for the shareholders of Vunani Capital .

10.2 Energy and resources

In 2008 Vunani Capital made its first investment in the energy and resources sector through a junior coal miner with operations in Middleburg. Vunani has now been a 37.5% shareholder in Black Wattle Colliery for some 12 years. Vunani Capital has actively assisted Black Wattle Colliery in securing additional resources and entitlement to the logistics network to facilitate exports.

This investment was followed by the formation of Butsanani Energy Investment Holdings in partnership with Anglo Coal in 2012. Butsanani's most significant investment is its 51% shareholding in Rietvlei Coal Mine which was developed from a greenfield resource to steady state production in 2019. It currently supplies coal to Eskom and has the capacity to produce some 2.5 million tons per annum over its life of mine, estimated at 15 years.

Through Vunani Resources a mining team has been established which has been reclaiming and beneficiating coal from an Anglo Coal discard deposit called Schoongezicht since 2017. The coal that is produced is sold into both the export and domestic market. With a number of years of operating experience Vunani Capital expects this business to grow its volumes through securing additional deposits from the coal majors.

10.3 Fintech

In 2018 Vunani Capital established the Vunani Fintech Fund as an initial investment platform to enable Vunani Capital to invest in businesses focused on digital and tech based solutions in the financial sector. This is part of a broader strategy for the Group to leverage off these solutions in its own operations as well as to generate attractive investment returns.

The investment philosophy has been to focus on a pre-series A and series A rounds where business models have been proven and the fintech is looking for expansion capital to scale its operations. We also look to co-invest with established venture capital partners. To date seven investments have been approved for investment and five deals have been closed.

10.4 Financial services

Vunani Capital holds significant stakes in two financial services businesses. A 65% shareholding in Purpose Asset Management which is based in Harare, Zimbabwe and a 45% shareholding in Alliance Capital, which is based in Blantyre, Malawi. Both of these businesses have significant potential for growth and expansion in their respective markets. Vunani Capital continues to provide support to the management teams and once these businesses achieve sufficient scale Vunani Capital would consider acquiring these assets from VCP. Such an incubation model would be considered for other financial services investments as well.

10.5 Gaming

Vunani Capital has had exposure to the gaming sector through its interest in both the Uthingo and Gidani management companies that operated the South African national lottery. Since early 2017 when Vunani Capital secured a gaming licence in Zambia, together with its local partners, it has been expanding into other jurisdictions which now also include Ghana, Zimbabwe, the Democratic Republic of Congo and Cameroon. A partnership has been entered into with an online gaming operator and it is intended to secure further licences across the continent as this sector has shown significant growth potential.

10.6 Property

Vunani Capital made its first investment in commercial property in 2004 and together with its management partners grew a significant property business which led to a listing of the Vunani Property Investment Fund in 2011. Together with the management company, the property business was largely disposed of in 2013. Property is a sector that Vunani got to know very well and approximately 18 months ago re-established Vunani Properties with our founding management partner and we are actively looking for opportunities.

10.7 Commodity trading

In 2018 Vunani started a commodity trading business when it entered into a contract with ETI Maden, a Turkish domiciled company, to exclusively trade its boron product range across the African continent. This business was initially incubated under Vunani Resources and it has been agreed to place it under its own brand and management team through an entity called Anatrice AG which is co-owned with our Turkish partners. Anatrice AG currently sells its boron and agri commodities in 23 African countries. Anatrice AG has expanded into agri-trading and is actively looking for other niche industrial minerals to add onto its platform.

10.8 Workforce Holdings Limited

Workforce Holdings Limited is a JSE listed company with a number of businesses focused on the placement of staff and the provision of training and financial services to its client base. Pre the Covid-19 lockdown Workforce had over 30 000 staff placed across some of South Africa's largest corporate names. We expect the business to recover as economic restrictions are lifted. Workforce Holdings Limited has also been expanding into other African countries where there are significant opportunities. Vunani has been a shareholder in Workforce Holdings Limited since 2006.

11. DESCRIPTION OF FINANCIAL SERVICES ASSETS WHICH SHALL CONTINUE TO BE HELD BY VUNANI CAPITAL AFTER THE VCP UNBUNDLING

11.1 Fairheads

Fairheads was acquired just over five years ago. Its core business is the administration of beneficiary funds and fiduciary trusts. Fairheads is the market leader in the administration of beneficiary funds and has contracts with large pension funds, insurers and employee benefit firms to provide these services. Opportunities remain for Fairheads for further consolidation in this niche market segment. Fairheads is also diversifying its activities into the administration of unclaimed benefits, tracing and the administration of housing loans to retirement fund members. Assets under administration currently stand at just under R7 billion.

11.2 Vunani Fund Managers

Vunani Fund Managers in South Africa is now a well established fund management business with a settled team of fund management professionals and a strong administrative support team. The business has established a diversified product suite and a retail offering that now stands at 25% of total assets under management (AUM). Despite the lockdown and difficult economic conditions, Vunani Fund Managers managed to grow its AUM by approximately R3 billion post Covid-19 with AUM currently at just over R45 billion. The key to growing the AUM is to deliver on investment performance for clients.

11.3 Investment banking

The investment banking activities include securities trading and advisory. Both businesses are well established in the market with Vunani Securities and Vunani Capital Markets trading equities and fixed interest instruments respectively for approximately 35 institutions and asset managers. Our advisory business offers a full suite of corporate finance services that include listings and sponsor services, valuations, M&A and capital raising.

11.4 Phakamani Impact Capital

Phakamani Impact Capital provides enterprise development services predominately to the mining industry where it facilitates funding to community based entrepreneurs supplying goods and services in the supply chain of large corporates. Since its formation in 2015 approximately 883 transactions have been supported and facilitated by Phakamani Impact Capital for approximately 435 SMEs and 398 youth entrepreneurs who have received funding of over R160 million. Phakamani Impact Capital is also undertaking business training and mentorship programmes for SMEs and expects this to become a growing part of its business. Vunani Capital was a founding shareholder of Phakamani Impact Capital.

11.5 Oracle Insure and Vunani Fund Managers Botswana

Two strategic acquisitions have been made in the past financial year by Vunani which could become important contributors to Group results in the future.

Together with the management team, 66% of Oracle Insure was acquired in 2019 from MMI. Oracle Insure provides life, short term and health insurance in the Eswatini market where it is an established operator.

In early 2020 the acquisition of Stanlib's fund management business in Botswana was concluded in partnership with the local management team and the business rebranded to Vunani Fund Managers Botswana.

12. RATIONALE FOR THE VCP UNBUNDLING

The primary objectives of the unbundling are to improve transparency in financial reporting of the financial services operations and private equity activities, unlock the value trap inherent in the share price and allow the two distinct businesses to operate in a more focused manner, allowing each of the businesses to focus on achieving their respective strategic goals.

13. EFFECT OF THE VCP UNBUNDLING ON VUNANI

After the implementation of the VCP Unbundling, Vunani will be a focused financial services group holding majority interests in the businesses that it owns. Key themes will be asset accumulation, whether through fund management or fund administration, where there is the potential for synergies to be extracted across the Group. Vunani will look to diversify its activities in its underlying businesses where a strong skill set has been developed so that it can leverage off client relationships. Acquisition opportunities will be considered where these fit the financial services theme and have the potential to extract value across the Group.

14. PRO FORMA FINANCIAL INFORMATION OF THE VCP UNBUNDLING

The *pro forma* financial information has been prepared to illustrate the effect of the VCP Unbundling, for which the directors are responsible, and is provided for illustrative purposes only to show the effect thereof on the basic earnings per share ("EPS"), diluted earnings per share ("DEPS"), headline earnings per share ("HEPS") and diluted headline earnings per share ("DHEPS") and the consolidated statement of comprehensive income as if the VCP Unbundling had taken effect from 1 March 2019 and on net asset value per share ("NAVPS") and net tangible asset value per share ("NTAVPS") and the consolidated statement of financial position as if the VCP Unbundling had taken effect on 29 February 2020.

Because of their nature, the *pro forma* financial information may not give a fair reflection of Vunani's financial position or financial performance subsequent to the VCP Unbundling nor is it indicative of the results that may, or may not, be expected to be achieved in the future. The *pro forma* financial information is based on the audited consolidated financial statements of Vunani for the year ended 29 February 2020 and prepared in accordance with the basis of preparation set out in Appendix 1.

The *pro forma* financial information to illustrate the effect of the VCP Unbundling, together with notes regarding the *pro forma* adjustments, are set out in Appendix 1: "*Pro forma* Consolidated Financial Information of Vunani after the VCP Unbundling".

The Independent Reporting Accountant's assurance report on the *pro forma* consolidated financial information is set out in Appendix 2.

A summary of the effects of the VCP Unbundling are set out below:

15. FINANCIAL INFORMATION RELATING TO VUNANI

15.1 Adequacy of capital

The Board has considered the effects of the VCP Unbundling and confirm that:

- the Group will be able in the ordinary course of business to pay its debts for a period of 12 months after the date of the approval of the Circular;
- The assets of the Group will be in excess of the liabilities of the Group for a period of 12 months after the date of the approval of the Circular. For this purpose, the assets and liabilities were recognised and measured in accordance with the accounting policies used in the latest audited annual Group financial statements;
- share capital and reserves of the Group will be adequate for ordinary business purposes for a period of 12 months after the date of the approval of the Circular;
- working capital of the Group will be adequate for ordinary business purposes for a period of 12 months after the date of the approval of the Circular; and
- since the Board has authorised the payment and Vunani and its subsidiaries passed the solvency and liquidity test, there have been no material changes to the financial position of Vunani and its subsidiaries.

15.2 Material changes

Other than in respect of the VCP Unbundling (once implemented), no material changes in the financial or trading position of Vunani has taken place since the audited results for the 12 months ended 29 February 2020 were published to the Last Practicable Date.

16. INFORMATION RELATING TO VUNANI

16.1 Nature of business

Vunani is a majority black-owned and managed diversified financial services group, which operates through the reportable segments as described below, which are the Vunani Group's strategic business segments. These businesses offer different products and services, are managed separately, requiring different skill, technology and marketing strategies:

- Asset management;
- Investment banking;
- Advisory services;
- Investment holdings;
- Securities broking;
- Properties – investments and developments;
- Properties – asset management; and
- Group.

Other than in respect of the VCP Unbundling (once implemented) and the acquisition of Oracle Insurance Eswatini Limited (previously Metropolitan Life Swaziland Limited), the Vunani Group has not purchased/acquired any material assets during the three years preceding the Last Practicable Date.

16.2 History

Vunani was incorporated on 1 December 1997 under the name Azureco 9 Proprietary Limited. On 11 October 1999, it became a wholly owned subsidiary of African Harvest Limited and changed its name to African Harvest Capital Proprietary Limited ("African Harvest Capital"), specialising in BEE related investments, corporate advisory services, private equity and trading activities.

Vunani was established following a management buyout on 21 October 2004 by the senior executives, Ethan Dube, Butana Khoza and Mark Anderson through Business Venture Investments 855 Proprietary Limited (which changed its name to VG on 16 February 2005), of the entire issued share capital of African Harvest Capital.

Following the management buy-out, African Harvest Capital changed its name to Vunani Capital Holdings Proprietary Limited on 16 February 2005 and again to Vunani on 5 November 2007 on which date it was converted to a public company.

There has been no change in the trading objects or the controlling shareholder since Vunani's listing on the JSE on 28 November 2007.

16.3 Directors' opinion relating to prospects of Vunani after the VCP Unbundling

The primary objectives of the VCP Unbundling are to improve transparency in financial reporting of the financial services operations and private equity activities, unlock the value trap inherent in the share price and allow the two distinct businesses to operate in a more focused manner, allowing each of the businesses to focus on achieving their respective strategic goals.

The prospects of the financial services operations will depend on the performance of its underlying businesses, being Fairheads, Vunani Fund Managers, Oracle Insure and its investment banking activities. Further stand-alone acquisitions that fit with the financial services focus of the Group will be considered by Vunani.

Fairheads was acquired just over five years ago. Its core business is the administration of beneficiary funds and fiduciary trusts. Fairheads is a market leader in the administration of beneficiary funds and has contracts with large pension funds, insurers and employee benefit firms to provide these services. Opportunities remain for Fairheads for further consolidation in this niche market segment. Fairheads is also diversifying its activities into the administration of unclaimed benefits, tracing and the administration of housing loans to retirement fund members. Assets under administration currently stand at just under R7 billion.

Vunani Fund Managers in South Africa is now a well established fund management business with a settled team of fund management professionals and a strong administrative support team. The business has established a diversified product suite and a retail offering that now stands at 25% of total AUM. Despite the lockdown and difficult economic conditions Vunani Fund Managers managed to grow its AUM by some R3 billion post Covid-19 with AUM currently at just over R45 billion. The key to growing the AUM is to deliver on investment performance for clients.

The investment banking activities include securities trading and advisory. Both businesses are well established in the market with Vunani Securities and Vunani Capital Markets trading equities and fixed interest instruments respectively for some 35 institutions and asset managers. Our advisory business offers a full suite of corporate finance services that includes listings and sponsor services, valuations, M&A and capital raising.

Two strategic acquisitions have been made in past financial year by Vunani which could become important contributors to Group results. Together with the management team, 66% of Oracle Insure was acquired in 2019 from MMI. Oracle Insure provides life, short term and health insurance in the Eswatini market where it is an established operator. In early 2020, the acquisition of Stanlib's fund management business in Botswana was concluded in partnership with the local management team and the business rebranded to Vunani Fund Managers.

16.4 Directors' opinion relating to the VCP Unbundling

The Board believes that the VCP Unbundling is in the best interest of the Shareholders as it achieves the following (all of which are expanded upon in paragraph 12 above):

- simplifies and increases the transparency of the financial reporting of Vunani;
- provides Shareholder with greater flexibility in terms of whether they want to hold shares in Vunani (a financial services company), in VCP (a private equity business), or both; and
- potentially reduces the valuation gap between Vunani's TNAV and the price at which Vunani Shares trade on the JSE.

The Board therefore recommends that Shareholders vote in favour of the Resolutions set out in the Notice of General Meeting to enable the implementation of the VCP Unbundling.

The directors who own Vunani Shares as set out in paragraph 17.2 intend to vote in favour of the Resolutions, they are entitled to vote on, as set out in the Notice of General Meeting.

PRO FORMA CONSOLIDATED FINANCIAL INFORMATION OF VUNANI AFTER THE VCP UNBUNDLING

Basis of preparation

The *pro forma* consolidated statements of financial position and comprehensive income (“*pro forma* consolidated financial information”) set out below have been prepared to illustrate the effect of the VCP Unbundling and are prepared using accounting policies adopted by Vunani as set in the audited consolidated financial statements at 29 February 2020 which comply with IFRS. The *pro forma* consolidated financial information is the responsibility of the directors of Vunani and has been prepared for illustrative purposes only, in order to provide information about the effects that the *pro forma* adjustments could have on the financial position and results of Vunani assuming the VCP Unbundling had been implemented at 29 February 2020 for the consolidated statement of financial position and with effect from 1 March 2019 for the consolidated statement of comprehensive income. Due to its nature, the *pro forma* consolidated financial information may not give a fair reflection of Vunani’s financial position or financial performance subsequent to the VCP Unbundling nor is it indicative of the results that may, or may not, be expected to be achieved in the future.

KPMG Inc.’s independent report accountant’s report on the *pro forma* consolidated financial information is set out in Appendix 2.

Notes to the *pro forma* consolidated financial position assuming the VCP Unbundling took place at 29 February 2020:

1. The steps required to effect the VCP Unbundling include:
 - 1.1 Step 1: the sale of the Ferrox Shares to VCP ("Ferrox share sale")
 - 1.2 Step 2 and Step 3: the transfer of the Transaction Company Shares, Transaction Company Loans Receivable, Transaction Company Loans Repayable and the Force Holdings Option to VCP to effect the separation of the private equity assets from the financial services assets ("internal reorganisation"). Vunani Capital will distribute to Vunani by way of a distribution *in specie* its investment in VCP.
 - 1.3 Step 4: VCP will subscribe for preference shares in Vunani and be granted an option to subscribe for further preference shares should Vunani acquire additional shares in AL ("Issue of preference shares")
 - 1.4 Step 5: Vunani will unbundle its investment in VCP by way of a distribution *in specie* to Vunani Shareholders ("Unbundle VCP to Vunani shareholders")

The *pro forma* adjustments to the audited consolidated statement of financial position as a result of the steps set out above are detailed in notes 3 to 6 below.

2. The financial information has been extracted, without adjustment, from Vunani's audited consolidated financial statements at 29 February 2020.
3. Represents step 1 of the VCP Unbundling being the disposal of the Ferrox Shares by Vunani Capital to VCP as governed by the Implementation Agreement. The Ferrox Shares will be disposed of for R5.6 million which will be settled by VCP issuing and allotting 4 540 582 Ferrox VCP Shares to Vunani Capital at R1.24 per Ferrox VCP Share. The deferred tax liability attributable to the disposal of the Ferrox Shares is R1 263 000 calculated at 22.4% using the effective Capital Gains Tax rate. The deferred tax liability will be transferred to VCP in terms of section 42 of the Income Tax Act.
4. Represents step 2 being the Internal Reorganisation and step 3 being the Distribution by Vunani Capital of VCP Shares to Vunani. The details of the impact of step 2 are set out below as governed by the Implementation Agreement.

The following Transaction Company Shares, Transaction Company Loans Receivable, Transaction Company Loans Repayable and the Force Holdings Option will be sold to VCP as one indivisible transaction for an amount of R176 171 297, based on amounts extracted without adjustment from the accounting records at 29 February 2020 underlying the audited consolidated financial statements, calculated as follows:

- 4.1 The Transaction Company Shares Purchase Price amounting to R171 747 292.
- 4.2 Add the Transaction Company Loans Receivable Purchase Price amounting to R12 957 401 - the aggregate face value of the Transaction Company Loans Receivable including accrued but unpaid interest thereon, if applicable, as at the Step 2 Effective Date, comprising of the aggregate face value of the Transaction Company Loans Receivable only given that the Transaction Company Loans Receivable are interest free at 29 February 2020.
- 4.3 Less the face value of the Transaction Company Loans Repayable amounting to R2 034 046.
- 4.4 Less the face value of the Force Holdings Option amounting to R6 499 350.

The total purchase consideration of R176 171 297 as calculated above, will be settled through the issue of 141 890 185 Step 3 VCP Shares to Vunani Capital at R1.24 per Step 3 VCP Share.

Below is the detail of the consolidated balances that are derecognised as part of step 2 of the VCP Unbundling:

Transaction company	Statement of financial position line affected	Consolidated net asset value disposed of R'000

* Less than R100.

[#] Subsequent to year-end as disclosed in note 48 to the audited consolidated financial statements, the Group made a decision to dispose of a portion of the commodities trading business held within the Group's investment in Vunani Resources to Anatrica AG. The disposal will result in a significant decrease in the Group's inventory, trade and other receivables and trade and other payables balances. Certain conditions still need to be met for the sale to be concluded. VCP will own 29.5% of the shares of Anatrica AG.

Below is the detail of the transaction company loans receivables and transaction company loans repayables:

Transaction company	Statement of financial position line affected	Consolidated net transaction company loans receivable R'000
Verbicept	Transaction loans repayable	(346)
Vunani Mining	Transaction loans receivable	9 225
Vunani Properties	Transaction loans receivable	3 732
Vunani Resources	Transaction loans repayable	(1 688)
Net transaction company loans receivable		10 923

5. Represents step 4 which is the issue of the VL Issue Shares to VCP as governed by the Implementation Agreement. Vunani will issue and VCP will subscribe for the VL Issue Shares for an amount of R18 282 641. The VL Issue Shares subscription price will be discharged by the issue of 14 725 028 Step 4 VCP Shares at R1.24 per Step 4 VCP Shares. The terms of the VL Preference Shares are such that, *inter alia*, all contractual rights to cash flows related to the AL Shares, the AL Distributions, will be transferred to VCP.

In terms of IFRS 9: *Financial Instruments* an entity shall derecognise a financial asset when the contractual rights to the cash flows from the financial asset (i.e. the AL Shares) are transferred to another entity and when substantially all of the risks and rewards of ownership of the financial asset are transferred (i.e. the AL Distributions to VCP). Based on this pass-through arrangement, the AL shares have been derecognised and accordingly no liability is raised for the VL Preference Shares.

The investment in VCP will also be unbundled to Vunani Shareholders.

6. Represents step 5 which is the VCP Unbundling to the Vunani Shareholders as governed by the Implementation Agreement. The 161 155 795 VCP Shares held by Vunani shall be distributed to Vunani Shareholders as a distribution in specie, subject to compliance with section 46 of the Companies Act and Section 46 of the Income Tax Act at the value R200 027 000, being the fair value of the assets being distributed. In terms of IFRIC 17, *Distributions of Non-cash Assets to Owners*, all the assets being distributed need to be fair valued on the date of distribution. The private equity assets held in subsidiaries and associates, that are being unbundled, are carried at their consolidated net asset value on Vunani's statement of financial position and were thus required to be fair valued at 29 February 2020. The carrying value of the investment in VCP being distributed is R195 669 000 resulting in a gain on the distribution of the VCP Shares of R 4 358 000. The fair value of the distribution is calculated on the basis of Vunani's valuation of its investment in VCP. The valuation of its investment in VCP was determined by valuing the underlying private equity assets using various valuation methodologies depending on the nature of the asset as set out below. The actual valuation will only be determined at the point of the VCP Unbundling which may result in a materially different gain/loss on distribution of the VCP Shares to the profit shown.

Valuation methodologies applied in respect of the Private Equity Assets being distributed are as follows:

Private equity asset	Valuation methodology	Fair value (R'000)
Alliance Capital	Discounted cash flow	3 694
Anatrica AG	Discounted cash flow	*
Betbio Zambia	Discounted cash flow	12 328
Ferrox	Latest transaction	4 375
SoftPawa Services Agreement	As per agreement	6 268
Purpose Asset Management	Discounted cash flow	3 608
Vunani Fintech Fund	Net asset value	*
Verbicept	Net asset value	47 343
Vunani Mining	Discounted cash flow, Monte Carlo simulation	116 006
Vunani Properties	Discounted cash flow	*
Vunani Resources	Net asset value	6 405
Total		200 027

* Less than R100.

7. Represents the effect of the VCP Unbundling on the accumulated loss being; transaction costs of R3 000 000 (which will not have a continuing impact)
8. Net asset value per share is calculated as the equity attributable to the equity holders of Vunani divided by all shares in issue, including the treasury shares
9. Net tangible asset value per share is calculated as the equity attributable to the equity holders of Vunani, excluding goodwill and intangible assets, divided by all shares in issue, including treasury shares.

The *pro forma* adjustments to the audited consolidated statement of comprehensive income as a result of the steps set out above are detailed in notes 3 to 6 below.

2. The financial information has been extracted, without adjustment, from Vunani's audited consolidated financial statements for the year ended 29 February 2020.
3. Represents the derecognition of the fair value adjustments, net of taxation, related to Ferrox that has been extracted without adjustment from the consolidation schedules underlying the audited consolidation financial statements for the year ended 29 February 2020. This adjustment will not have a continuing effect on the *pro forma* statement of comprehensive income.
4. Represents the derecognition and deconsolidation of the financial results of the Transaction Companies that form part of the Internal Reorganisation. The financial information has been extracted without adjustment from the consolidation schedules underlying the audited consolidated financial statements for the year ended 29 February 2020. These adjustments will not have a continuing effect on the *pro forma* statement of comprehensive income.

A summary of the financial statement captions impacted by the derecognition and deconsolidation are as follows:

Transaction company	Statement of comprehensive income line affected	Financial impact R'000

5. Represents the reversal of the fair value adjustments on the AL Shares given the derecognition of the AL Shares due to the derecognition requirements of IFRS 9 being met. This adjustment will not have a continuing effect on the *pro forma* statement of comprehensive income.
6. Represents the difference between the carrying amount and fair value of the assets being distributed as an *in specie* dividend. This adjustment will not have a continuing effect on the *pro forma* statement of comprehensive income.
7. Represents the transaction costs of R3 000 000 incurred as a result of the VCP Unbundling as well as the revenue that will be received from VCP of R9 425 000 as determined based on the Management Services Agreement, net of taxation of R2 639 000. The management services fees are calculated as follows:

Management services fees	R'000
Monthly fees	7 595
Annual fees	1 830
Total	9 425

The transaction costs will not have a continuing effect on the *pro forma* statement of comprehensive income but the revenue from the Management Services Agreement will have a continuing effect on the *pro forma* statement of comprehensive income given that the Management Services Agreement is effective for a five-year period.

8. Basic earnings per share is calculated by dividing the profit after tax attributable to ordinary shareholders by the weighted average number of ordinary shares in issue, excluding treasury shares. Basic and diluted earnings per share are calculated by applying the requirements of IAS 33: *Earnings per share* ("IAS 33"). Diluted earnings per share is equal to basic earnings per share as there are no items that would have a dilutive impact to the basic earnings per share given that the existing employee shares do not have a dilutive effect for the year ended 29 February 2020 and the VCP Unbundling also has no impact.

The table below summarises the calculation of the basic and diluted earnings per share:

INDEPENDENT REPORTING ACCOUNTANT'S ASSURANCE REPORT ON THE COMPILATION OF THE VUNANI GROUP *PRO FORMA* FINANCIAL INFORMATION

To the directors of Vunani Limited

INTRODUCTION

The definitions commencing on page 5 of the Circular apply *mutatis mutandis* to this independent reporting accountant's assurance report ("Report") on the compilation of the Vunani Group's *Pro forma* Financial Information (defined below).

We have completed our assurance engagement to report on the compilation of the Vunani Group's *Pro forma* Financial Information by the Directors. The Vunani Group's *Pro forma* Financial Information consists of:

- the *pro forma* net asset value per share and net tangible asset value per share of the Vunani Group, the *pro forma* consolidated statement of financial position of the Vunani Group, including a reconciliation showing all of the *pro forma* adjustments to the stated capital, accumulated loss and other reserves relating to the Vunani Group, and the related notes, set out in Appendix 1 and section 14 of the Circular, (collectively the "*Pro forma* SOFP"), as if the VCP Unbundling ("*VCP Unbundling*") had taken place on 29 February 2020.
- the *pro forma* basic and diluted earnings per share, headline and diluted headline earnings per share of the Vunani Group, *pro forma* consolidated statement of comprehensive income and the related notes, set out in Appendix 1 and section 14 of the Circular (collectively the "*Pro forma* SOCI"), as if the Unbundling has taken place on 1 March 2019.

The *Pro forma* SOFP and the *Pro forma* SOCI are collectively referred to as the "*Pro forma Financial Information*" of the Vunani Group for purposes of this Report. The applicable criteria on the basis of which the Directors have compiled the *Pro forma* Financial Information is specified in the Listings Requirements of the JSE Limited ("*JSE Listings Requirements*") and described in the basis of preparation paragraph of Appendix 1 of the Circular.

The purpose of the *Pro forma* Financial Information included in the Circular is solely to illustrate the impact of the VCP Unbundling on the unadjusted audited consolidated financial statements as if the implementation of the VCP Unbundling had been undertaken on 1 March 2019 for purposes of the *Pro forma* SOCI and on 29 February 2020 for purposes of the *Pro forma* SOFP. Accordingly, we do not provide any assurance that the actual outcome of the VCP Unbundling, subsequent to its implementation, will be as presented in the *Pro forma* Financial Information.

As part of this process, the basic earnings, diluted basic earnings, headline earnings and diluted headline earnings, consolidated statement of comprehensive income for the year ended 29 February 2020 and the net asset value, net tangible asset value and consolidated statement of financial position of the Group at 29 February 2020 have been extracted by the Directors from the Vunani Group's audited consolidated financial statements as at and for the year ended 29 February 2020 ("*Audited Financial Information*").

DIRECTORS' RESPONSIBILITY FOR THE *PRO FORMA* FINANCIAL INFORMATION

The Directors are responsible for compiling the *Pro forma* Financial Information on the basis of the applicable criteria specified in the JSE Listings Requirements and described in the basis of preparation paragraph in Appendix 1 of the Circular ("*Applicable Criteria*").

OUR INDEPENDENCE AND QUALITY CONTROL

We have complied with the independence and other ethical requirements of Sections 290 and 291 of the Independent Regulatory Board for Auditors' *Code of Professional Conduct for Registered Auditors (Revised January 2018)*, parts 1 and 3 of the Independent Regulatory Board for Auditors' *Code of Professional Conduct for Registered Auditors (Revised November 2018)* (together the IRBA Codes) which are founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality

and professional behaviour. The IRBA Codes are consistent with the corresponding sections of the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* respectively.

KPMG Inc. applies the International Standard on Quality Control 1, and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

INDEPENDENT REPORTING ACCOUNTANT'S RESPONSIBILITIES

Our responsibility is to express an opinion, based on our procedures performed, about whether the *Pro forma* Financial Information has been compiled, in all material respects, by the Directors on the basis of the Applicable Criteria.

We conducted our engagement in accordance with International Standard on Assurance Engagements (ISAE) 3420, *Assurance Engagements to Report on the Compilation of Pro Forma Financial Information Included in a Prospectus* which is applicable to an engagement of this nature, issued by the International Auditing and Assurance Standards Board. This standard requires that we plan and perform procedures to obtain reasonable assurance about whether the *Pro forma* Financial Information has been compiled, in all material respects, on the basis of the Applicable Criteria.

For purposes of this engagement, we are not responsible for updating or reissuing any reports or opinions on any historical financial information used in compiling the *Pro forma* Financial Information, nor have we, in the course of this engagement, performed an audit or review of the financial information used in compiling the *Pro forma* Financial Information.

The purpose of the *Pro forma* Financial Information included in the Circular is solely to illustrate the impact of the VCP Unbundling on the unadjusted Audited Financial Information as if the implementation of the VCP Unbundling had been undertaken on 1 March 2019 for purpose of the *pro forma* SOCI and on 29 February 2020 for purposes of the *pro forma* SOFP. Accordingly, we do not provide any assurance that the actual outcome of the implementation of the VCP Unbundling, will be as presented in the *Pro forma* Financial Information.

A reasonable assurance engagement to report on whether the Yunani Group's *Pro forma* Financial Information has been properly compiled, in all material respects, on the basis of the Applicable Criteria involves performing procedures to assess whether the Applicable Criteria used by the Directors in the compilation of the Yunani Group's *Pro forma* Financial Information provides a reasonable basis for presenting the significant effects directly attributable to the Unbundling and to obtain sufficient appropriate evidence about whether:

- The related *pro forma* adjustments give appropriate effect to the Applicable Criteria; and
- The *Pro forma* Financial Information reflects the proper application of those *pro forma* adjustments to the unadjusted Audited Financial Information.

Our procedures selected depend on our judgement, having regard to our understanding of the nature of the VCP Unbundling in respect of which the *Pro forma* Financial Information has been compiled and other relevant engagement circumstances.

Our engagement also involves evaluating the overall presentation of the *Pro forma* Financial Information.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the *Pro forma* Financial Information has been compiled, in all material respects, on the basis of the Applicable Criteria.

Restriction on Use

This Report has been prepared for the purpose of satisfying the requirements of the JSE Listings Requirements, and for no other purpose.

SCHEDULE OF INVESTMENTS AND THE RELATED DISCLOSURES

The purpose of this information is to provide shareholders with additional information relating to the investments being unbundled as part of the VCP Unbundling to assist them in making a decision on how they wish to vote.

Schedule of Investments for the year ended 29 February 2020

Figures R'000		2020	2019
Investment in associates	Note 2	61 876	53 422
Investment in subsidiaries	Note 3	13 632	29 082

Other non-current assets	Note 5	33 302	70 881
Other financial liabilities	Note 6	6 499	5 663

1. BASIS OF PREPARATION OF INVESTMENT SCHEDULE AND RELATED NOTES

(a) Statement of compliance

The schedule of investments and related financial liabilities and related disclosures have been prepared in accordance with International Financial Reporting Standards (IFRS) from the information extracted from the underlying accounting records and consolidated financial statements of Vunani for the year ended 29 February 2020. The aggregate of the investments was included in the audited financial statements of Vunani for the year ended 29 February 2020.

The schedule of investments and related disclosures have been prepared under the supervision of T Mika, CA(SA), the Group chief financial officer.

(b) Basis of measurement

The schedule of investments and related disclosures is prepared on the historical cost basis, except for certain financial instruments (which include other investments, other non-current assets and certain other financial liabilities), which are measured at fair value.

(c) Presentation currency

The financial statements are presented in South African Rand, which is the Group's presentation currency.

All financial information presented in South African Rand have been rounded to the nearest thousand unless indicated otherwise.

(d) Use of estimates and judgements

The preparation of the schedule of investments in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Although estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis.

Revisions to accounting estimates are recognised in the period in which the estimate is revised, if revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year are included in the following notes:

- Note 7 – determining fair value of financial instruments based on significant unobservable inputs.
- Notes 2 and 7 – equity accounted investees: whether the Group has significant influence and impairment losses on loans to associates.

Black Wattle Option

During the 2010 financial year, Vunani Mining Proprietary Limited ("Vunani Mining"), obtained a 37.5% interest in Black Wattle through a vendor financed transaction. The 37.5% shareholding consists of 22.5% A ordinary shares and 15% ordinary shares. Vunani Mining has classified this investment as an associate as it has the ability to exercise significant influence in the company. Vunani Capital holds preference shares in Vunani Mining which confer on Vunani Capital the right to receive, out of the profits of Vunani Mining, preference dividends comprising 100% of the dividends received by Vunani Mining in respect of Black Wattle.

Vunani Mining is not entitled to share in the economic benefits of ownership until such time as the debt associated with the acquisition is settled. The debt would be redeemed through dividends received by Vunani Mining on the A ordinary shares. Cash flows relating to the 15% ordinary shares will be paid to Vunani Mining. The risks and rewards of ownership have not passed to Vunani Mining and accordingly Vunani equity accounts 0% of Black Wattle in profit or loss.

Vunani Mining benefits from the upside of the investment being dividends and the capital growth; however, it does not bear the downside of the risk. The substance of the transaction is a call option with dividend rights. Vunani Mining has therefore recognised an in-substance call option.

The option is a derivative financial instrument as defined by IFRS and is classified at fair value through profit or loss. The derivative is measured initially at fair value and subsequently at fair value with changes in fair value recognised in profit or loss.

On day one in 2010, the fair value of the in-substance call option was significantly greater than the R375 that was paid. The fair value amounted to R17.9 million. Since only R375 was paid, this resulted in a day-one gain of R17.9 million. The full gain was recognised over a five-year period to February 2016.

The option is revalued at each year end, with any movements in the value of the option being taken to profit or loss for the year. A Monte Carlo simulation valuation technique is applied to the unobservable inputs in order to determine the fair value.

Market risk

Equity price risk

The Group is exposed to equity price risk on its listed and unlisted investments. The investments are not hedged. The primary goal of the Group's investment in equity securities is to hold the investments for the long term for strategic purposes. Management is assisted by the investment committee in this regard. Certain investments are designated as at fair value through profit or loss because their performance is actively monitored and they are managed on a fair value basis.

Impairment of financial assets

IFRS 9's impairment requirements use more forward-looking information to recognise expected credit losses ("ECL") – the ECL model. This replaces IAS 39's incurred loss model. Instruments within the scope of the new requirements included loans and other debt type financial assets measured at amortised cost, and trade receivables measured under IFRS 9.

Recognition of credit losses is no longer dependent on the Group first identifying a credit loss event. Instead, the Group considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Measurement of the ECL is determined by a probability weighted estimate of credit losses over the expected life of the financial instrument.

Fair values

The fair value of a financial instrument is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants at the measurement date. Underlying the definition of fair value is a presumption that an entity is a going concern without any intention or need to liquidate, to curtail materially the scale of its operations or to undertake a transaction on adverse terms. Fair value is not, therefore, the amount that an entity would receive or pay in a forced transaction, involuntary liquidation or distressed sale.

Valuation methodologies

The objective of a fair value measurement is to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions.

Quoted price

A financial instrument is regarded as quoted in an active market if quoted prices are readily available from an exchange, industry group, pricing service or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The appropriate quoted market price for an asset held or a liability to be issued is usually the current bid price and, for an asset to be acquired or a liability held, the asking price.

The existence of published price quotations in an active market is the best evidence of fair value and, where they exist, they are used to measure the financial asset or financial liability. A market is considered to be active if transactions occur with sufficient volume and frequency to provide pricing information on an ongoing basis. Financial instruments fair valued using quoted prices would generally be classified as level 1 in terms of the fair value hierarchy.

Valuation techniques

Where a quoted price does not represent fair value at the measurement date or where the market for a financial instrument is not active, the Group establishes fair value by using an alternative valuation technique. These valuation techniques include:

Ferrox

- using a recent arm's length market transaction between knowledgeable parties.

Butsanani

- discounted-cash flow analysis.

Black Wattle Option

- discounted-cash flow analysis; and
- option pricing model.

African Legend

- reference to the value of the net assets of the underlying business.

Force Holdings Option

- reference to the value of the net assets of the underlying business.

In applying valuation techniques, the Group uses estimates and assumptions that are consistent with available information about the estimates and assumptions that market participants would use in setting a price for the financial instrument.

Valuation techniques applied by the Group would result in financial instruments being classified as level 2 or level 3 in terms of the fair value hierarchy. The determination of whether a financial instrument is classified as level 2 or level 3 is dependent on the significance of observable inputs versus unobservable inputs in relation to the fair value of the financial instrument.

Valuation methodologies and techniques applied for level 3 financial instruments include a combination of discounted cash flow analysis, application of earnings multiples on sustainable after-tax earnings and/or current and projected net asset values to determine overall reasonability. The valuation technique applied to specific financial instruments depends on the nature of the financial instrument and the most appropriate valuation technique is determined on that basis.

Observable markets

Quoted market prices in active markets are the best evidence of fair value and are used as the basis of measurement, if available. A determination of what constitutes "observable market data" will necessitate significant judgement. It is the Group's belief that "observable market data" comprise

- prices or quotes from an exchange or listed markets in which there are sufficient liquidity and activity;
- proxy observable market data that is proven to be highly correlated and has a logical, economic relationship with the instrument that is being valued; and
- other direct and indirect market inputs that are observable in the marketplace.

Data is considered by the Group to be "observable" if the data is verifiable, readily available, regularly distributed, from multiple independent sources and transparent.

Data is considered by the Group to be "market-based" if the data is reliable, based on consensus within reasonable narrow, observable ranges, provided by sources that are actively involved in the relevant market and supported by actual market transactions.

It is not intended to imply that all of the above characteristics must be present to conclude that the evidence qualifies as observable market data. Judgement is applied based on the strength and quality of the available evidence.

Inputs to valuation techniques

Inputs are selected on a basis that is consistent with the characteristics of the instrument that market participants would take into account in a transaction for that instrument. Inputs to valuation techniques applied by the Group include, but are not limited to, the following:

Discount rate: Where discounted-cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the reporting date for an instrument with similar terms and conditions.

The time value of money: The business may use well-accepted and readily observable interest rates, or an appropriate swap rate, as the benchmark rate to derive the present value of a future cash flow.

Foreign currency exchange prices: Active currency exchange markets exist for most major currencies, and prices are quoted daily on various trading platforms and in financial publications.

Commodity prices: Observable market prices are available for those commodities that are actively traded on exchanges in South Africa and other commercial exchanges.

Equity prices: Prices (and indices of prices) of traded equity instruments are readily observable on the JSE Limited or any other recognised international exchange.

Volatility: Measures of the volatility of actively traded items can be reasonably estimated by the implied volatility in current market prices. In the absence of an active market, a methodology to derive these volatilities from observable market data will be developed and utilised.

Dividend yield: Dividend yield is represented as a percentage and is calculated by dividing the value of dividends paid in a given year per share held by the value of one share.

Earnings multiples: This is the share price divided by earnings per share ("EPS").

The following table sets out the Group's principal valuation techniques used in determining the fair value of financial assets and financial liabilities measured at fair value and classified as level 3 in the fair value hierarchy:

Fair value hierarchy

The table below analyses recurring fair value measurements for financial assets and financial liabilities. These fair value measurements are categorised into different levels in the fair value hierarchy based on inputs to valuation techniques used. The different levels are defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The fair value of financial assets and liabilities is categorised as follows for the purpose of IFRS 13: *Fair Value Measurement*.

Effect of changes in significant unobservable inputs

The fair value measurement of financial instruments are, in certain circumstances, measured using valuation techniques that include assumptions that are not market observable. Where these scenarios apply, the Group performs a sensitivity analysis on the fair value of the relevant instruments. The following information is intended to illustrate the potential impact of the relative uncertainty in the fair value of financial instruments for which valuation is dependent on unobservable inputs and which are classified as level 3 in the fair value hierarchy. However, the disclosure is neither predictive nor indicative of future movements in fair value.

A change of 10% in the unobservable inputs of the investment and liability at the reporting date would have increased/ (decreased) equity and profit or loss by the amount shown below. This analysis assumes that all other variables remain constant.

Independent Reporting Accountant's Review Report on the Schedule of Investments and the Related Disclosures

To the directors of Vunani Limited

INTRODUCTION

The definitions commencing on page 10 of the Circular to which this report relates apply, *mutatis mutandis* to this independent reporting accountant's review report on the schedule of investments and related disclosures set out in Appendix 3 of this Circular (the "Report").

We have reviewed the investment in associates, investments in subsidiaries, other investments, other non-current assets and other financial liabilities and the related disclosures, as reflected in the schedule of investments and related disclosures for the year ended 29 February 2020, extracted from the audited consolidated financial statements of Vunani Limited for the year ended 29 February 2020 and the underlying accounting records, included in Appendix 3 of this Circular (the "Financial Information"), as required by paragraph 8.45(b) of the JSE Limited Listings Requirements.

DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL INFORMATION

The directors of Vunani Limited (the "Directors") are responsible for the preparation and presentation of the Financial Information in accordance with the basis of preparation set out in note 1 to schedule of investments and the related disclosures included in Appendix 3 of this Circular for purposes of compliance with paragraph 8.45 (b) of the JSE Listings Requirements and for determining that the basis of preparation is acceptable in the circumstances.

INDEPENDENT REPORTING ACCOUNTANT'S RESPONSIBILITY FOR THE REVIEWED SCHEDULE OF INVESTMENTS AND RELATED DISCLOSURES

Our responsibility is to express a review conclusion on the Financial Information, prepared in accordance with the basis of preparation set out in note 1 to the Schedule of Investments and the Related Disclosures included in Appendix 3 of this circular for purposes of compliance with paragraph 8.45 (b) of the JSE Listings Requirements, based on our review.

We conducted our review in accordance with the International Standard on Review Engagements ("ISRE") 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity ("ISRE 2410") read together with ISA 805 (Revised), Special Considerations – Audits of Single Financial Statements and Specific Elements, Accounts or Items of a Financial Statement.

A review of financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the Financial Information is not prepared in all material respects, in accordance with the basis of preparation set out in note 1 to the schedule of investments and the related disclosures, included in Appendix 3 of this Circular, respectively, and for purposes of compliance with paragraph 8.45(b) of the JSE Listings Requirements.

EMPHASIS OF MATTER – BASIS OF PREPARATION

We draw attention to the basis of preparation set out in note 1 to the schedule of investments and the related disclosures, included in Appendix 3 of this Circular, which describes the basis of preparation, including the approach to and the purpose for preparing the Financial Information. Our conclusion is not modified in respect of this matter.

PURPOSE OF THIS REPORT

This Report has been prepared for the purpose of satisfying the requirement of paragraph 8.45(b) of the JSE Listings Requirements, and for no other purpose.

SALIENT TERMS OF THE MANAGEMENT SERVICES AGREEMENT

1. OVERVIEW

- 1.1 Pursuant to implementation of the Step 2 Effective Date, VCP will conduct the business in respect of the Private Equity Assets.
- 1.2 VCP wishes to appoint Vunani Capital on an exclusive basis to provide investment management, investment advisory and related services to VCP (the "Services"), with effect from the Step 2 Effective Date.

2. DURATION AND TERMINATION

- 2.1 The Management Services Agreement will commence on the Step 2 Effective Date, and endure for an initial term of five years thereafter, and will, unless otherwise terminated in accordance with the provisions of the Management Services Agreement, automatically renew for successive additional terms of one year, subject to paragraphs 2.2 and 2.3 below (the "Term").
- 2.2 Vunani Capital may terminate the Management Services Agreement on written notice to VCP delivered not later than six months prior to the expiration of the initial term or six months prior to any successive renewal term.
- 2.3 VCP may terminate the Management Services Agreement on written notice to Vunani Capital delivered not later than six months prior to the expiration of the initial term or six months prior to any successive renewal term, provided that VCP's shareholders have unconditionally approved such termination by ordinary resolution, and VCP provides a copy of such approval to Vunani Capital.

3. SERVICES

On and with effect from the Step 2 Effective Date, Vunani Capital will provide the Services to VCP.

4. FEES, PAYMENT AND EXPENSES

- 4.1 With effect from the Step 2 Effective Date, in consideration for Vunani Capital rendering the Services, VCP will pay to Vunani Capital, in accordance with paragraph 4.3 below:
 - 4.1.1 an amount equal to the actual costs incurred by Vunani Capital each month during the Term (the "Monthly Fee"), which shall be payable monthly for the duration of the Term;
 - 4.1.2 an amount calculated in accordance with the formula contemplated in paragraph 5 below (the "Annual Fee"), which shall be payable annually for the duration of the Term; and
 - 4.1.3 an amount equal to 5% of the enterprise value of VCP (the "Accumulated Fee"), which shall be payable within 30 days after the date on which the Management Services Agreement expires or is terminated (the "Termination Date").
- 4.2 The Monthly Fee, the Annual Fee and the Accumulated Fee (collectively, the "Service Fees") payable shall be exclusive of value-added tax and any other taxes or levies.
- 4.3 Vunani Capital shall calculate the Service Fees and shall provide VCP with a valid tax invoice:
 - 4.3.1 within 10 Business Days after the end of each calendar month during the Term, which sets out the applicable Monthly Fee due for the relevant period;
 - 4.3.2 within 10 Business Days after the audited financial statements of VCP are delivered to Vunani Capital each financial year of VCP, which sets out the applicable Annual Fee due for the relevant period; and
 - 4.3.3 within 10 days after the Termination Date, which sets out the Accumulated Fee due.
- 4.4 VC Partners shall pay the applicable Service Fees within 30 days after receipt of a valid tax invoice.
- 4.5 If any Service Fees or part thereof are not paid on the due date for payment, the amount outstanding shall accrue interest at the prime rate plus two percent.
- 4.6 With effect from the Step 2 Effective Date, in addition to the Service Fees, VCP shall reimburse Vunani Capital for reasonable expenses and disbursements incurred by Vunani Capital on behalf of VCP in connection with the provision of the Services, and necessary for the proper fulfilment thereof, upon submission in arrears of specified expense statements, substantiated by receipts.

5. CALCULATION OF THE ANNUAL FEE

5.1 The asset pool for purposes of the calculation of the Annual Fee is split into three categories:

- 5.1.1 an operating profit pool in respect of VCP ("Category A");
- 5.1.2 an asset pool with certain assets owned by VCP as at the Step 2 Effective Date listed in paragraph 5.2.3 below ("Category B"); and
- 5.1.3 an asset pool including all other assets owned by VCP from the Step 2 Effective Date and from time to time thereafter save for those in Category B ("Category C")

5.2 Category A

5.2.1 The operating profit pool of VCP shall equal the profit before tax as per the audited consolidated income statement of VCP calculated annually and shall be adjusted for non-cash items. As such, the following shall be deducted from the aforesaid profit before tax:

- 5.2.1.1 unrealised fair value gains and losses;
- 5.2.1.2 all impairments raised;
- 5.2.1.3 profit or loss on disposal of assets;
- 5.2.1.4 equity accounted earnings from associates;
- 5.2.1.5 foreign exchange gains and losses on intercompany loans;
- 5.2.1.6 FCTR movements;
- 5.2.1.7 IFRS 2 adjustments; and
- 5.2.1.8 intangible asset amortisation.

5.2.2 An analysis of impairments is performed and to the extent that these are considered permanent, the impairment is deducted from the profit before tax.

5.2.3 Category B

Category B assets are as follows:

- 5.2.3.1 all classes of shares in, and loans to, Workforce Holdings Limited (registration number 2006/018145/06), held directly or indirectly by VCP from time to time;
- 5.2.3.2 the cumulative, redeemable preference shares in Vunani, held by VCP from time to time;
- 5.2.3.3 all classes of shares in, and loans to, Black Wattle Colliery Proprietary Limited (registration number 1994/002802/07), held directly or indirectly by VCP from time to time.

5.2.4 The assets forming part of Category B shall be calculated on the basis of having a zero base cost allocated to them and therefore any cash inflows resulting from these assets are added to the pool without any cost being applied.

5.2.5 Category B will include actual cash received, less non-controlling interest and taxation on the sale of any such asset. This will include the following:

- 5.2.5.1 proceeds on disposal of the asset;
- 5.2.5.2 dividends received from associates and these assets; and
- 5.2.5.3 loan repayments from advances to these assets and associates.

5.3 Category C

5.3.1 The amount that is to be included in Category C will be the net proceeds on disposal of these assets less the initial investment cost (as originally incurred by Vunani or its relevant subsidiary at the time), less any subsequent investment costs, less a notional interest charge at the prime rate charged from the date of the acquisition of the relevant asset until the date of disposal thereof. Taxation and non-controlling interests would be deducted.

5.3.2 Category C will include the profit on the disposal of the relevant assets, less a notional cost of capital charge at the Prime Rate on the investment cost from the date of the original investment to the date proceeds were realised.

5.4 Calculation of the Annual Fee

The Annual Fee shall be calculated by adding the total amount of Category A, Category B and Category C (the "Net Profit") for the financial year in question, multiplied by:

- 5.4.1 12.5% in respect of that portion of the Net Profit that is less than R40 million;
- 5.4.2 10% in respect of that portion of the Net Profit that is more than R40 million but less than R80 million; and
- 5.4.3 7.5% respect of that portion of the Net Profit that is more than R80 million.

TAXATION CONSIDERATION IN TERMS OF THE VCP UNBUNDLING

The summary below is a general guide and is not intended to constitute a complete analysis of the taxation consequences of the unbundling provisions in terms of South African taxation law. It is not intended to be, nor should it be considered as legal or taxation advice. Vunani and its advisers cannot be held responsible for the taxation consequences of the VCP Unbundling and therefore, Shareholders are advised to consult their own taxation advisers in this regard.

The VCP Unbundling will constitute a disposal by Vunani of all of the VCP Shares to Vunani Shareholders. It is the intention that the disposal will be effected utilising the tax concessions provided for in section 46 of the Income Tax Act.

The concessions provided for in section 46 of the Income Tax Act are outlined below:

1. DISPOSAL OF VCP SHARES BY VUNANI

The distribution of VCP Shares by Vunani, in terms of the VCP Unbundling, will be disregarded by Vunani in determining its taxable income or assessed loss in the year of assessment that the VCP Unbundling takes place. On the basis that Vunani holds the VCP Shares as capital assets, the VCP Unbundling should not attract CGT.

2. VUNANI LIMITED SHARES HELD AS TRADING STOCK

Any Shareholder holding Vunani Shares as trading stock will be deemed to acquire the unbundled VCP Shares as trading stock. The combined expenditure of such Vunani Shares and VCP Shares will be the amount originally taken into account by the Shareholder in respect of the Vunani Shares and VCP Shares, as contemplated in section 11(a), section 22(1), or section 22(2) of the Income Tax Act.

The original expenditure incurred in respect of the Vunani Shares and VCP Shares will be apportioned between the Vunani Shares and VCP Shares by applying the ratio that the market value of VCP Shares bears to the sum of the market value of the Vunani Shares and VCP Shares at the end of the day after the Unbundling. Vunani will advise Shareholders of the specified ratio by way of an announcement to be released on SENS on or about Wednesday, 27 January 2021. This ratio must be used in the determination of any profits or losses derived on any future disposals of the unbundled VCP Shares or Vunani Limited Shares.

The expenditure so allocated to the unbundled VCP Shares will reduce the expenditure of the Vunani Limited Shares held, thus allocating the expenditure between the Vunani Shares and the unbundled VCP Shares.

3. VUNANI SHARES HELD AS CAPITAL ASSETS

Any Shareholder holding Vunani Shares as capital assets will be deemed to acquire the unbundled VCP Shares as capital assets. The original expenditure incurred in respect of the Vunani Shares, in terms of paragraph 20 of the Eighth Schedule to the Income Tax Act, and (where applicable) the CGT valuation of the Vunani Shares, as contemplated in paragraph 29 of the Eighth Schedule to the Income Tax Act, will be apportioned between the VCP Shares and the Vunani Shares by applying the ratio that the market value of VCP Shares bears to the sum of the market values of the VCP Shares and Vunani Shares at the end of the day after the Unbundling. Vunani Limited will advise Shareholders of the specified ratio by way of an announcement to be released on SENS on or about Wednesday, 27 January 2021. This ratio must be used in the determination of the capital gain or loss derived on any future disposals of the unbundled VCP Shares or Vunani Shares.

The base cost so allocated to the unbundled VCP Shares will reduce the base cost of the Vunani Shares held, thus allocating the base cost between the Vunani Shares and the unbundled VCP Shares.

Shareholders will be deemed to have acquired the unbundled VCP Shares on the date on which the Vunani Shares were originally acquired.

4. SECURITIES TRANSFER TAX

The registration/transfer of the unbundled VCP Shares in the names of the Shareholders will be exempt from the payment of any STT in terms of section 8(1)(a)(iv) of the STT Act.

5. DIVIDENDS TAX AND RETURNS OF CAPITAL

In terms of sections 46(5) and 46(5A) of the Income Tax Act, the distribution of the VCP Shares must be disregarded for Dividends Tax purposes and must also not be treated as a return of capital for the purposes of paragraph 76B of the Eighth Schedule to the Income Tax Act.

6. DISQUALIFIED PERSONS

The provisions of section 46(7) of the Income Tax Act should not apply to the VCP Unbundling provided as at the date of the VCP Unbundling none of the Vunani Shareholders who constitute disqualified persons, hold whether alone or together with any connected person (who is also a disqualified person) in relation to that Vunani Shareholder immediately after the VCP Unbundling, holds 20% or more of the ordinary issued share capital of VCP. In addition, none of the Vunani Shareholders who constitute disqualified persons hold at least 5% of the "equity shares" in Vunani prior to the VCP Unbundling

A disqualified person is a person who is not a resident, the government, provincial administration or a municipality, a Public Benefit Organisation (as defined in section 30 of the Income Tax Act), a recreational club (as defined in section 30A of the Income Tax Act), a company or trust contemplated in section 37A of the Income Tax Act, a fund contemplated in section 10(1)(d)(i) or (ii) of the Income Tax Act or a person contemplated in section 10(1)(cA) or (t) of the Income Tax Act.

7. NON-RESIDENT SHAREHOLDERS

Shareholders who are non-resident for tax purposes in South Africa are advised to consult their own professional tax advisers regarding the tax treatment of the VCP Unbundling in their respective jurisdictions, having regard to the tax laws in their jurisdiction and any applicable tax treaties between South Africa and their country of residence.

EXCHANGE CONTROL CONSIDERATION IN TERMS OF THE VCP UNBUNDLING

The following is a summary of the Exchange Control Regulations insofar as they have application to Shareholders and is not a comprehensive statement of the South African Exchange Control Regulations.

Shareholders who are in any doubt as to the action to be taken should consult their professional advisers immediately.

INSOFAR AS THE VCP UNBUNDLING IS CONCERNED

1.1 Residents of the Common Monetary Area

For all Shareholders whose addresses are within the Common Monetary Area and whose Documents of Title or accounts have not been restrictively endorsed in terms of the Exchange Control Regulations, the distribution *in specie* of the VCP Shares will be freely made to the Shareholders.

1.2. Emigrants from the Common Monetary Area

1.2.1 Certificated Shareholders

The share certificates for the shares issued in favour of any emigrant Shareholder pursuant to the distribution *in specie* will be restrictively endorsed "non-resident" and sent to the authorised dealer controlling such emigrant's remaining assets. In terms of the Exchange Control Regulations, such VCP Shares are not freely transferable from the Common Monetary Area. The authorised dealer or its CSDP will ensure that all requirements of exchange control are adhered to in respect of their clients falling into this category of investor.

1.2.2 Dematerialised Shareholders

The shares issued in favour of any emigrant Shareholder pursuant to the distribution *in specie* will be restrictively endorsed "non-resident" by an appropriate electronic entry made in the relevant register reflecting a "non-resident" endorsement and will be credited to their share accounts at the CSDP controlling their remaining portfolios. In terms of the Exchange Control Regulations, such VCP Shares are not freely transferable from the Common Monetary Area. The CSDP will ensure that all requirements of exchange control are adhered to in respect of their clients falling into this category of investor.

1.3 All other non-residents of the Common Monetary Area

1.3.1 Certificated Shareholders

Non-resident Shareholders whose Documents of Title are endorsed "non-resident" will receive their VCP Shares which are similarly endorsed. The Broker or the Transfer Secretaries will ensure that all exchange control requirements are adhered to in respect of these shares.

1.3.2 Dematerialised Shareholders

Non-resident Shareholders whose Documents of Title are endorsed "non-resident" will receive certificates for their VCP Shares which are similarly endorsed by an appropriate electronic entry made in the relevant register reflecting a "non-resident" endorsement and will be credited to their share accounts at the CSDP. The Broker or the Transfer Secretaries will ensure that all exchange control requirements are adhered to in respect of these shares.

Forms of Proxy (blue) to be lodged at the Transfer Secretaries by 10:30 on	Thursday, 7 January 2021
Forms of proxy (blue) which are not timeously lodged with the Transfer Secretary may be emailed to the Transfer Secretaries before the proxy exercises the rights of the Shareholder or may be presented prior to the commencement of the voting on the Resolutions at the General Meeting on	Monday, 11 January 2021

ORDINARY RESOLUTION NUMBER 1 – APPROVAL OF THE VCP UNBUNDLING IN TERMS OF THE LISTINGS REQUIREMENTS

"RESOLVED AS AN ORDINARY RESOLUTION that, subject to the approval of the remaining resolutions set out in this Notice of General Meeting, the unbundling of the VCP Shares to Shareholders, by way of a distribution *in specie pro rata* to their respective shareholdings in Vunani as at the VCP Unbundling Record Date, be and is hereby approved in terms of section 5.85(c) of the JSE Listings Requirements."

Reason and effect

The reason for Ordinary Resolution Number 1 is that the VCP Unbundling is regarded as a specific payment to Shareholders in terms of section 5.85(c) of the JSE Listings Requirements and accordingly requires the approval of the Shareholders by way of an ordinary resolution.

The effect of Ordinary Resolution Number 1, if passed, will be to grant the necessary approval of the VCP Unbundling in terms of the JSE Listings Requirements.

SPECIAL RESOLUTION NUMBER 1 – APPROVAL OF THE MOI AMENDMENTS

"RESOLVED AS SPECIAL RESOLUTION that, subject to the passing of Ordinary Resolution Number 1, the MOI Amendments be and are hereby approved as per Schedule 10 of the JSE Listings Requirements allowing for the MOI of Vunani to be amended thereby creating the rights, terms and privileges attaching to the VL Preference Shares and making related amendments to the MOI of Vunani."

Reason and effect

The reason for Special Resolution Number 1 is that MOI of Vunani is required to be amended to create the rights, terms and privileges attaching to the VL Preference Shares.

The effect of Special Resolution Number 1, if passed, will be the creation of the VL Preference Shares as a class of authorized share capital capable of being issued whose rights and privileges are set put in the MOI Amendments.

SPECIAL RESOLUTION NUMBER 2 – APPROVAL OF THE ISSUANCE OF THE VL ISSUE SHARES TO VCP

“RESOLVED AS SPECIAL RESOLUTION that, subject to the passing of Ordinary Resolution Number 1 and Special Resolution Number 1, the VL Issue Shares be issued in terms of section 41(1) of the Companies Act to VCP as contemplated in this Circular and the Implementation Agreement.”

Reason and effect

The reason for Special Resolution Number 2 is that the issue of the VL Issue Shares, as per section 41(1) of the Companies Act, requires a special resolution to be adopted by Shareholders.

The effect of Special Resolution Number 2, if passed, will be the issuance of the VL Issue Shares to VCP.

SPECIAL RESOLUTION NUMBER 3 – APPROVAL OF THE ISSUANCE OF THE VL OPTION TO VCP

“RESOLVED AS SPECIAL RESOLUTION that, subject to the passing of Ordinary Resolution Number 1, the VL Option be issued in terms of section 41(1) of the Companies Act to VCP as contemplated in this Circular and the Implementation Agreement.”

Reason and effect

The reason for Special Resolution Number 3 is that the issue of the VL Option, as per section 41(1) of the Companies Act, requires a special resolution to be adopted by Shareholders.

The effect of Special Resolution Number 3, if passed, will be the issuance of the VL Option to VCP.

ORDINARY RESOLUTION NUMBER 2

“RESOLVED as an ordinary resolution that any director of the company be, and hereby is authorised, on behalf of the company, to do or cause to be done, all such things, and to sign all such documentation as may be necessary or requisite so as to give effect to and implement the Resolutions to be considered at the General Meeting.”

THRESHOLD FOR RESOLUTION APPROVAL

For the ordinary resolutions set out above to be approved by Vunani Shareholders, each resolution must be supported by more than 50% of the voting rights exercised on the resolution concerned.

For the special resolutions set out above to be approved by Vunani Shareholders, each resolution must be supported by at least 75% of the voting rights exercised on the resolution concerned.

PROXIES

In terms of the JSE Listings Requirements, the votes relating to any Vunani Shares held in treasury or by the Vunani Limited Share Incentive Scheme will not be taken into account in determining the results of voting on the Resolutions tabled at this General Meeting.

Shareholders who have not dematerialised their Vunani Shares or who have dematerialised their Vunani Shares with “own-name” registration, and who are entitled to attend and vote at the General Meeting, are entitled to appoint one or more proxies to attend, speak and vote in their stead. A proxy need not be a shareholder and shall be entitled to vote on a show of hands or poll. It is requested that forms of proxy be forwarded so as to reach the Transfer Secretaries no later than the Relevant Time. If Vunani Shareholders who have not dematerialised their Vunani Shares or who have dematerialised their Vunani Shares with “own-name” registration, and who are entitled to attend and vote at the General Meeting do not deliver forms of proxy to the Transfer Secretaries by the Relevant Time, such Vunani Shareholders will nevertheless at any time prior to the commencement of the voting on the Resolutions at the General Meeting be entitled to lodge the form of proxy in respect of the General Meeting, in accordance with the instructions therein with the chairperson of the General Meeting. Forms of proxy must only be completed by Vunani Shareholders who have not dematerialised their Vunani Shares or who have dematerialised their Vunani Shares with “own-name” registration.

VOTING PROCEDURES AND ELECTRONIC PARTICIPATION

On a show of hands, every shareholder present in person or represented by proxy and entitled to vote shall have only one vote, irrespective of the number of shares such shareholder holds. On a poll, every shareholder present in person or represented by proxy and entitled to vote shall be entitled to one vote for every share held or represented by that shareholder. On a poll taken at any such meeting the shareholder entitled to more than one vote need not, if he votes, use all of his votes, or cast all the votes he uses in the same way:

- to furnish the company with his voting instructions; or
- in the event that he wishes to attend the AGM, to obtain the necessary letter of representation to do so.

The directors have made provision for electronic voting at the general meeting.

Please read the notes on the reverse side hereof.

Notes:

1. A member may insert the name of a proxy or the names of two alternate proxies of the member's choice in the space(s) provided, with or without deleting "the chairman of the General Meeting". The person whose name stands first on the form of proxy and who is present at the General Meeting will be entitled to act as proxy to the exclusion of those whose names follow.
2. A member should insert an "X" in the relevant space according to how he wishes his votes to be cast. However, if a member wishes to cast a vote in respect of a lesser number of ordinary Vunani Shares than he owns in the company, he should insert the number of ordinary Vunani Shares held in respect of which he wishes to vote. Failure to comply with the above will be deemed to authorise the proxy to vote or to abstain from voting at the General Meeting as he deems fit in respect of all of the member's votes exercisable at the General Meeting. A member is not obliged to exercise all of his votes, but the total of the votes cast and abstentions recorded may not exceed the total number of the votes exercisable by the member.
3. The completion and lodging of this form of proxy will not preclude the relevant member from attending the General Meeting and speaking and voting in person to the exclusion of any proxy appointed in terms hereof, should such member wish to do so.
4. Forms of proxy must be lodged at or be posted to the Transfer Secretaries to be received by no later than 10:30 on Thursday, 07 January 2021.
5. Forms of proxy which are not timeously lodged with the Transfer Secretary may be emailed to the Transfer Secretaries before the proxy exercises the rights of the Shareholder or may be presented prior to the commencement of the voting on the Resolutions at the General Meeting.
6. If the General Meeting is adjourned or postponed, a form of proxy submitted for the initial General Meeting will remain valid in respect of any adjournment or postponement of the General Meeting.
If the General Meeting is adjourned or postponed then forms of proxy that have not yet been submitted should be lodged with the Transfer Secretary preferably by no later than 48 hours before the adjourned or postponed General Meeting.
7. The chairman of the General Meeting may reject or accept any form of proxy, which is completed and/or received, other than in compliance with these notes.
8. Shareholders who have dematerialised their Vunani Shares with a CSDP or Broker, other than with own-name registration, must arrange with the CSDP or Broker concerned to provide them with the necessary Letter of Representation to attend the General Meeting or the ordinary shareholders concerned must instruct their CSDP or Broker as to how they wish to vote in this regard. This must be done in terms of the agreement entered into between the shareholder and the CSDP or Broker concerned.
9. Any alteration to this form of proxy, other than the deletion of alternatives, must be signed, not initialled, by the signatory/ies.
10. Documentary evidence establishing the authority of a person signing this form of proxy in a representative capacity (e.g. on behalf of a company, close corporation, trust, pension fund, deceased estate, etc.) must be attached to this form of proxy, unless previously recorded by the company or waived by the chairman of the General Meeting.
11. A minor must be assisted by his/her parent or guardian, unless the relevant documents establishing his/her capacity are produced or have been recorded by the company.
12. Where there are joint holders of Vunani Shares:
 - any one holder may sign the form of proxy; and
 - the vote of the senior joint holder who tenders a vote, as determined by the order in which the names stand in the company's register of members, will be accepted.
13. To be valid, the completed forms of proxy must either (a) be lodged so as to reach the Transfer Secretaries by no later than the Relevant Time; or (b) be lodged with the chairperson of the General Meeting prior to the General Meeting so as to reach him by no later than immediately prior to the commencement of voting on the Resolutions to be tabled at the General Meeting.
14. The proxy appointment is revocable by the shareholders giving written notice of the cancellation to the company prior to the General Meeting or any adjournment thereof. The revocation of the proxy appointment constitutes a complete and final cancellation of the proxy's authority to act on behalf of the shareholders as of the later of: (i) the date stated in the written notice, if any; or (ii) the date on which the written notice was delivered as aforesaid.
15. If the instrument appointing a proxy or proxies has been delivered to the company, any notice that is required by the Companies Act or the Memorandum of Incorporation to be delivered by the company to shareholders must (as long as the proxy appointment remains in effect) be delivered by the company to: (i) the shareholder; or (ii) the proxy or proxies of the shareholder has directed the company to do so, in writing and pay it any reasonable fee charged by the company for doing so.

Summary of the rights established in terms of section 58 of the Companies Act, 71 of 2008 ("Companies Act")

For purposes of this summary, "shareholder" shall have the meaning ascribed thereto in the Act.

1. At any time, a shareholder of a company is entitled to appoint an individual, including an individual who is not a shareholder of that company, as a proxy, to participate in, and speak and vote at, a shareholders meeting on behalf of the shareholder, or give or withhold written consent on behalf of such shareholder in relation to a decision contemplated in section 60 of the Companies Act.
2. A proxy appointment must be in writing, dated and signed by the relevant shareholder, and such proxy appointment remains valid for one year after the date upon which the proxy was signed, or any longer or shorter period expressly set out in the appointment, unless it is revoked in a manner contemplated in section 58(4)(c) of the Act or expires earlier as contemplated in section 58(8)(d) of the Companies Act.
3. Except to the extent that the Memorandum of Incorporation of a company provides otherwise:
 - 3.1 a shareholder of the relevant company may appoint two or more persons concurrently as proxies, and may appoint more than one proxy to exercise voting rights attached to different securities held by such shareholder;
 - 3.2 a proxy may delegate his authority to act on behalf of a shareholder to another person, subject to any restriction set out in the instrument appointing the proxy; and
 - 3.3 a copy of the instrument appointing a proxy must be delivered to the relevant company, or to any other person on behalf of the relevant company, before the proxy exercises any rights of the shareholder at a shareholders meeting.
4. Irrespective of the form of instrument used to appoint a proxy, the appointment of the proxy is suspended at any time and to the extent that the shareholder who appointed that proxy chooses to act directly and in person in the exercise of any rights as a shareholder of the relevant company.
5. Unless the proxy appointment expressly states otherwise, the appointment of a proxy is revocable. If the appointment of a proxy is revocable, a shareholder may revoke the proxy appointment by cancelling it in writing, or making a later inconsistent appointment of a proxy, and delivering a copy of the revocation instrument to the proxy and the company.
6. The revocation of a proxy appointment constitutes a complete and final cancellation of the proxy's authority to act on behalf of the relevant shareholder as of the later of the date: (a) stated in the revocation instrument, if any; or (b) upon which the revocation instrument is delivered to the proxy and the relevant company as required in section 58(4)(c)(ii) of the Companies Act.
7. If the instrument appointing a proxy or proxies has been delivered to the relevant company, as long as that appointment remains in effect, any notice that is required by the Companies Act or the relevant company's Memorandum of Incorporation to be delivered by such company to the shareholder, must be delivered by such company to the shareholder, or to the proxy or proxies, if the shareholder has directed the relevant company to do so in writing and paid any reasonable fee charged by the company for doing so.
8. A proxy is entitled to exercise, or abstain from exercising, any voting right of the relevant shareholder without direction, except to the extent that the Memorandum of Incorporation, or the instrument appointing the proxy provide otherwise.
9. If a company issues an invitation to shareholders to appoint one or more persons named by such company as a proxy, or supplies a form of instrument for appointing a proxy:
 - 9.1 such invitation must be sent to every shareholder who is entitled to notice of the meeting at which the proxy is intended to be exercised;
 - 9.2 the invitation, or form of instrument supplied by the relevant company, must: (a) bear a reasonably prominent summary of the rights established in section 58 of the Companies Act; (b) contain adequate blank space, immediately preceding the name or names of any person or persons named in it, to enable a shareholder to write in the name and, if so desired, an alternative name of a proxy chosen by such shareholder; and (c) provide adequate space for the shareholder to indicate whether the appointed proxy is to vote in favour or against the applicable resolution/s to be put at the relevant meeting, or is to abstain from voting;
 - 9.3 the company must not require that the proxy appointment be made irrevocable; and
 - 9.4 the proxy appointment remains valid only until the end of the relevant meeting at which it was intended to be used, unless revoked as contemplated in section 58(5) of the Companies Act.

ELECTRONIC MEETING PARTICIPATION FORM

The general meeting:

- Shareholders or their proxies who wish to participate in the general meeting via electronic communication ("Participants"), must apply to the Company's meeting scrutineers to do so by e-mailing the form below ("the application") to the e-mail address of the Company's meeting scrutineers, The Meeting Specialist Proprietary Limited ("TMS"), by no later than 10:30 am on Monday, 11 January 2021. The e-mail address is as follows: proxy@tmsmeetings.co.za
- The application may also be posted, at the risk of the Participant, to TMS, PO Box 62043, Marshalltown, 2107, so as to be received by the meeting scrutineers by no later than the time and date set out above.
- Shareholders who have dematerialised their shares, other than those shareholders who have dematerialised their shares with 'own name' registration, should contact their Central Securities Depository Participant ("CSDP") or broker in the manner and time stipulated in their agreement with their CSDP or Broker: – to furnish them with their voting instructions; and – in the event that they wish to participate in the meeting, to obtain the necessary authority to do so.
- Participants will be able to vote during the general meeting through an electronic participation platform. Such Participants, should they wish to have their vote(s) counted at the general meeting, must provide TMS with the information requested below.
- Each shareholder, who has complied with the requirements below, will be contacted between 08:00 and 17:00 on Friday, 8 January 2021 via email/mobile with a unique link to allow them to participate in the virtual general meeting.
- The cost of the Participant's phone call or data usage will be at his/her own expense and will be billed separately by his/her own telephone service provider.
- The cut-off time, for administrative purposes, to participate in the meeting will be 10:30 am on Monday, 11 January 2021.
- The Participant's unique access credentials will be forwarded to the email/cell number provided below.

TERMS AND CONDITIONS FOR ELECTRONIC PARTICIPATION AT THE GENERAL MEETING

- The cost of dialling in using a telecommunication line/webcast/web-streaming to participate in the general meeting is for the expense of the Participant and will be billed separately by the Participant's own telephone service provider.
- The Participant acknowledges that the telecommunication lines/webcast/web-streaming are provided by a third party and indemnifies Vunani, the JSE Limited and TMS and/or their third party service providers against any loss, injury, damage, penalty or claim arising in any way from the use or possession of the telecommunication lines/webcast/web-streaming, whether or not the problem is caused by any act or omission on the part of the Participant or anyone else. In particular, but not exclusively, the Participant acknowledges that he/she will have no claim against Vunani, the JSE Limited and TMS and/or its third party service providers, whether for consequential damages or otherwise, arising from the use of the telecommunication lines/webcast/web-streaming or any defect in it or from total or partial failure of the telecommunication lines/webcast/web-streaming and connections linking the telecommunication lines/webcast/web-streaming to the general meeting.
- Participants will be able to vote during the general meeting through an electronic participation platform. Such Participants, should they wish to have their vote(s) counted at the general meeting, must act in accordance with the requirements set out above.
- Once the Participant has received the link, the onus to safeguard this information remains with the Participant.
- The application will only be deemed successful if this application form has been fully completed and signed by the Participant and delivered or e-mailed to TMS at proxy@tmsmeetings.co.za.
